

**LEFT BEHIND**  
*(Eric Michael Cap)*

*(Chorus)*

Don't wanna be Left Behind  
I don't wanna stay  
In a world without the righteous  
Waiting for Judgment Day  
Don't wanna be Left Behind  
Please take me home  
To the place you've promised me  
Let me sing before your thrown  
*(sing)* Shalom, Shalom

*(Verse 1)*

When will The Day of the Lord come  
No one really knows (but)  
It will be like any other day  
For sons & daughters, dads & moms  
But in a moment some will be gone  
Raptured in the sky  
How will you feel, what will you do  
If you are Left Behind

*(Verse 2)*

God is patient, God is kind  
With grace you've never known  
You may have fallen short, you may have doubted  
But there's still always hope  
If you'll just believe in Jesus  
And change your ways  
No more hatin' just, lovin' & making  
Disciples everyday

*(Bridge)*

God works for the good of those who love him  
He wants his name known  
We need to be messengers  
To all Nations, to all people  
Of all races, different faces  
He embraces ALL
