

## Share Your Light

*(Verse 1)*

I have walked the longest roads  
And I've climbed the highest mountains  
I have swam the deepest oceans  
Searching for your freedom. (Oh)

*(Chorus 1)*

Share Your Light with me, share your grace with me, share your glory with me oh Lord.  
Share Your Light with me, share your grace with me, share your glory with me oh Lord.

*(Verse 2)*

When I was weak I cried out to you Lord  
Hoping you would answer  
Shadows of death & disappointment  
Wrestling with my own decisions. (Oh)

*(Chorus 2)*

Share Your Light with me, share your grace with me, share your glory with me oh Lord.  
Share Your Light with me, share your grace with me, share your glory with me oh Lord.

*(Bridge)*

What I did not know was all this time  
Your grace has been right here - dwelling under my shade  
When you came down from heaven  
Such a beautiful work for me...now I see.

*(Prayer - optional)*

Your love is my heritage, My tongue is full of praise for you  
And I will continue sowing your seeds of grace, in your name.

*(Chorus 3)*

Share Your Light with me, share your grace with me, share your glory with me oh Lord.  
Share Your Light with me, share your grace with me, share your glory with me oh Lord.

*(After Chorus)*

Share Your Light, share your grace, share your glory with me.  
Share Your Light, share your grace, share your glory with me.
