

## **CALLING FROM THE DREAM**

*(Eric Michael Cap)*

*(Verse 1)*

I had a Dream, I had a plan  
But that all changed when I met one man  
Who called me to follow him, to fish for men  
To seek, serve & save this Lost World He began

*(Chorus)*

I'm Calling From The Dream  
I'm sharing what I've seen  
I've seen something (so) wonderful  
I've seen something obscene  
And I'm not letting go  
I've seen the future & I know  
The goal, the prize I'm running for  
Is worth the pain & more  
So don't ever let go  
Of the Dream you know  
That's deep inside your heart

*(Verse 2)*

And what a time we had, what miracles I saw  
What love I experienced, what hardships I endured  
Was it all for nothing? Is my life just a waste?  
Will I make a difference? Will I take a stand for the Faith?

*Chorus*

*(Bridge)*

What am I to do, what am I to say  
Yes I'm afraid, give me courage Lord I pray  
I'm just one man, what & who can I really change?  
I could say nothing, do nothing, loose nothing  
Forget all about The Truth and The Way  
But I've seen a vision  
The light of Heaven & Hell's extremes  
And I must proclaim, The Dream...
