

**NO MEANS NO!**

*(Lowe/Cap/Lewis)*

*Verse*

Don't come creeping around  
Trying to run game  
Don't ask me for my number  
Don't ask me what's my name  
I'm not looking to hook up  
So you can step off - back up  
I just want you to know that when I say no

*Chorus*

NO MEANS NO!  
I know when some girls say no  
They mean yes but when I say no  
NO MEANS NO!  
There's no reason to second guess  
Cause I'm not like all the rest

*Verse*

Now don't go around copping an attitude  
I ain't trying to be mean  
I don't mean to be rude  
I just want you to hear me  
Before you try to get near me  
There's something you should know  
That when I say no

*Repeat Chorus*

*Bridge*

My momma always told me to take it slow  
Don't go jumping into bed with someone you don't know  
So I'm taking her advice & I'm thinking twice  
That's why when I say no, I mean no!

*Repeat Chorus*
