

**(I'M GONNA BE) SOMEBODY**  
(Eric Michael Cap / Willie Lowe)

*Verse 1*

I use to sit around  
Feeling sorry for myself  
Blamed all my problems on everyone else  
Then I took a long look in the mirror  
Now everything's a whole lot clearer  
It's all on me (*yeah*)

*Chorus*

I'M GONNA BE SOMEBODY  
If it's the last thing I do  
I'M GONNA BE SOMEBODY  
Gonna make my dreams come true  
I'M GONNA BE SOMEBODY  
Don't care what others say (*no*)  
I'M GONNA BE SOMEBODY  
Cause if there's a will, there's a way

*Verse 2*

I use to have low self-esteem  
Didn't believe in myself (*no*)  
But now I hold my head up  
Cause I'm fed up  
With all that's negative (*yeah*)

*Repeat Chorus*

*Bridge*

If I can change  
You can too  
No matter what you wanna do  
Keep on believin' in you  
And when the going gets tough  
No matter how hard or rough  
Don't you ever give up

Repeat Chorus
